Vacancy:
Students research assistantship
for the Peter Löscher Chair for Business Ethics and Institute for Ethics in AI at the Technical University of Munich

Munich, 5 December 2023

The Peter Löscher Endowed Chair for Business Ethics and Institute for Ethics in Artificial Intelligence is looking for a committed, reliable, well-organized student (m/f/d) for approx. 5 hours per week as soon as possible; Scheduling as needed/arranged.

You tasks:

- Participation in the administrative and operational work of the chair and institute
- Assist in the creation of posters, lecture notes, teaching materials and other materials for the department
- Participate in institute and department events and help with write summaries for TUM websites
- Other chair and department-related duties as required

We offer:

- Remuneration in accordance with the standard for students research assistantships
- Start: as soon as possible, initially limited to 6 months; If suitable, a long-term collaboration is sought
- Scope of work: approx. 5h/week
- Flexible working hours
- Collegial working environment
- Centrally located work location

Your profile:

- Very strong German and English skills, both written and verbal
- Independent, reliable and committed to working collaboratively
- Independent and careful way of working
- We are open to students from many different fields of study

Application:
If you are interested, please send an application to: wirtschaftsethik@sot.tum.de.

This should include the following: - relevant experience and knowledge (short CV) - information about your current course of study (field, semester) - time availability.
